KATE UPTON MEAL PLAN

Thank you so much for ordering the Kate Upton Meal Plan! Everyone always asks how I stay healthy while I'm constantly travelling and on-the-go... and my answer is Urban Remedy! We've created this menu together to be a comprehensive, delicious and satisfying plan with all of my favorite items. It's not about crash dieting, fads or restricting yourself from any groups of foods. It's about balance and creating a healthy, sustainable lifestyle.

Just as important as healthy eating, finding a workout routine that can fit into your busy lifestyle is key to staying strong, confident and happy. If you haven't already, I encourage you to try my 12-week program, Strong4Me Fitness, at [Strong4MeFitness.com](https://www.Strong4MeFitness.com). It's the perfect supplement to your meal plan!

I hope you enjoy!!
